

International Conference on Advancement in Cyber Security and Digital Forensics

Special Session on

Deep Learning Techniques for Image Processing in Digital Forensics

Conference Website

 **ICACSDF 2026**

Organizers

Dr. Arjun Abhishek

Dr. Sagar Deep Deb

SoCS, UPES, Dehradun

arjun.abhishek@ddn.upes.ac.in

sagar.deb@ddn.upes.ac.in

Dr. Gaurav Sundaram

Electronics and Communication

Engineering, IIIT Ranchi

gauravsundaram@iiitranchi.ac.in

Important Dates

Submission Deadline:

15 July 2026

Notification of Acceptance:

10 August 2026

Camera Ready Submission:

25 August 2026

Conference Dates:

September 2026

Overview

This special session focuses on the application of deep learning techniques in image processing for digital forensics. The session aims to bring together researchers and practitioners working on advanced AI-driven methods to analyze, enhance, and authenticate digital images in forensic investigations.

Topics of Interest *(But not limited to)*

1. Deep learning for image forensics
2. Image tampering and forgery detection
3. GenAI and Explainable AI in forensic analysis
4. Image enhancement for low-quality forensic data

Submission Guidelines

Manuscripts must be original, not under review elsewhere, and prepared in IEEE format. Submissions should be plagiarism-free and comply with standard ethical guidelines.

All accepted papers will be published in IEEE Xplore subject to meeting IEEE quality standards and successful peer review.
