SPECIAL SESSION

#10

SPECIAL SESSION · ICACSDF 2026

Ethical AI, Bias & Data Privacy

Responsible Intelligence for the Digital Era

ABOUT THE SESSION

As AI systems become deeply embedded in healthcare, criminal justice, finance, and education, concerns around algorithmic fairness, systemic bias, and responsible data stewardship have never been more critical. This special session brings together researchers, policymakers, and practitioners to advance rigorous inquiry into the ethical dimensions of AI — bridging technical innovation with governance frameworks to build trustworthy, equitable, and privacy-respecting intelligent systems.

TOPICS OF INTEREST (INCLUDES BUT NOT LIMITED TO)

- Generative AI Ethics & Hallucination Risks
- Algorithmic Bias & Fairness Metrics
- Privacy-Preserving AI (Federated Learning, DP)
- AI-Driven Behavioral Manipulation
- Explainable AI (XAI) & Trust
- AI Governance & Regulation
- Ethical Data Lifecycle & Consent
- Bias in High-Stakes Domains (Health, Law)
- Data Sovereignty & Global Privacy Laws
- Neuro-Data Privacy & Emerging Risks

SESSION ORGANIZERS

Dr. Swati Rastogi

Asst. Professor – Systems
School of Computer Science
UPES Dehradun – 248007
Uttarakhand, India
swati.rastogi@ddn.upes.ac.in

Dr. Sudipan Saha

Asst. Professor
Yardi School of AI
IIT Delhi
India
sudipan.saha@scai.iitd.ac.in

Dr. Gaurav Sundaram

Asst. Professor
Department of ECE
IIIT Ranchi
India
gauravsundaram@iiitranchi.ac.in

IMPORTANT DATES

- Paper Submission Deadline **15 Jul 2026**
- Notification of Acceptance **10 Aug 2026**
- Camera-Ready Submission **25 Aug 2026**
- Conference Dates **11–12 Sep 2026**

SUBMISSION GUIDELINES

- Original, unpublished work only
- IEEE conference paper format
- Plagiarism-free & ethically compliant
- Submit via official CMT portal
- Select correct Special Session on CMT
- Published in IEEE Xplore® (peer review)

Note: Papers not selecting the correct Special Session will not be considered under it.

Submit Your Paper
ICACSDF 2026 Portal

www.icacsdf.org/index.html

CALL FOR PAPERS

We invite original research contributions from researchers, academics, and industry professionals. A dedicated submission track for **Special Session #10** will be available on the conference portal. All papers undergo standard IEEE double-blind peer review.

→ Full details: https://www.icacsdf.org/special_sessions.html

Important Note: All conference guidelines and policies must be strictly followed. In case of insufficient submissions, accepted papers may be merged with relevant regular tracks.
